## TECHNICAL SKILLS

- Programming:** Python, Java, C, C++, SQL, HTML/CSS
- Data Tools:** Power BI, MySQL, PostgreSQL, Excel, Jupyter Notebook
- Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn
- Core Skills:** Data Cleaning, Data Visualization, EDA, dashboard implementation, Statistical Analysis

## PROJECTS

<b>Customer Trends Data Analysis</b>   <i>Python, PostgreSQL, Power BI, Excel</i>	<a href="#">Project Link</a>
– Performed exploratory data analysis (EDA) using SQL and Python to examine customer purchase behavior and identify key trends from 3,500+ customer records.	
– Created an interactive Power BI dashboard with KPIs and filters.	
– Transformed raw data into actionable business insights for decision-making.	
<b>Ola Ride Booking Data Analytics</b>   <i>MySQL, Power BI, Excel</i>	<a href="#">Project Link</a>
– Conducted detailed data examination using SQL to evaluate customer buying patterns and uncover meaningful insights from 103,000+ customer records.	
– Implemented an interactive Power BI dashboard with dynamic filters to support data-driven decisions.	
– Converted raw datasets into meaningful business insights to support strategic planning.	
<b>Customized DBMS</b>   <i>Java - Database Management System</i>	<a href="#">Project Link</a>
– Developed a customized database management system capable of storing user input (name, age, marks).	
– Implemented core database operations such as Maximum, Minimum, Average, and Sum computations.	
– Enabled data handling and processing similar to traditional DBMS functionalities.	
<b>Duplicate Files Remover</b>   <i>Python - Automation Program</i>	<a href="#">Project Link</a>
– Built a script to detect and delete duplicate files within a specified directory.	
– Provided an automation program that uses a command-line argument to take a file name as input.	

## EXPERIENCE

<b>Business Analyst Intern</b>	14 July 2025 – 13 October 2025
<i>Source-Right</i>	<i>Wadgaon, Pune</i>
– Interpreted hiring methods using Power BI, MySQL, and Excel.	
– Completed a three-month internship in Business Analytics.	
<b>Website Design Intern</b>	28 November 2022 – 02 January 2023
<i>Internship Studio</i>	<i>Baner, Pune</i>
– Designed and programmed a responsive Gym Management website interface using HTML5 and CSS3.	
– Undertook a five-week internship and gained practical knowledge in website creation.	

## CERTIFICATIONS

<b>Deloitte Data Analytics Job Simulation</b>	<a href="#">Certificate Link</a>
<b>HackerRank - SQL (Advanced)</b>	<a href="#">Certificate Link</a>
<b>HackerRank - Python</b>	<a href="#">Certificate Link</a>
<b>Comprehensive Course on Oracle SQL</b>	<a href="#">Certificate Link</a>

## EDUCATION

<b>Modern Institute of Business Management</b>	Shivajinagar, Pune
<i>MBA - Business Analytics (Pursuing)</i>	<i>2024 – 2026</i>
<b>AISSMS College of Engineering</b>	Shivajinagar, Pune
<i>Computer Engineering (CGPA: 7.27)</i>	<i>2020 – 2024</i>
